

Closed circuit PRO series No 4: CC-PRO hydroelectric power generation prospects from the Red Sea brine and Dead Sea salinity gradient A. Efraty (Har Adar, Israel)	1983
Productivity enhancement of a single basin solar still M. Koilraj Gnanadason (Thanjavur), P. Senthil Kumar (Tiruchengode), V.H. Wilson (Thanjavur) and A. Kumaravel (Tiruchengode, India)	1998
Two-phase flow numerical simulation and experimental verification of falling film evaporation on a horizontal tube bundle S. Bigham (Tehran), R. KouhiKamali and S.M.A. Noori Rahim Abadi (Rasht, Iran)	2009
Effect of hydrodynamic characteristics on the performance of biofilm for degrading phenol in inverse fluidized bed biofilm reactor S. Sabarunisha Begum and K.V. Radha (Chennai, India)	2023
Application of an integrated system of coagulation and electrodialysis for treatment of wastewater produced by fracturing Huawei Hao, Xing Huang, Congjie Gao and Xueli Gao (Qingdao, China)	2034
A mechanistic approach and response surface optimization of the removal of oil and grease from restaurant wastewater by electrocoagulation and electroflotation Min Ji, Xiaogang Jiang and Fen Wang (Tianjin, China)	2044
Feasibility of radiation technology for wastewater treatment S. Jan, A.N. Kamili (Srinagar), T. Parween (New Delhi), R. Hamid, J.A. Parray (Srinagar), T.O. Siddiqi, Mahmooduzzafar (New Delhi), P. Ahmad (Srinagar, India)	2053
Profile of dissolved organic nitrogen (DON) in full-scale ozone and biological activated carbon filter Bing Liu (Xinyang and Chongqing), Li Gu (Chongqing), Xin Yu (Xiamen), Guozhong Yu, Chengmei Zhao, Qingfei Li and Huimin Zhai (Xinyang, China)	2069
Continuous electricity generation with piggery wastewater treatment using an anaerobic baffled stacking microbial fuel cell Zhengfang Ye, Baogang Zhang, Ye Liu, Zhongyou Wang and Caixing Tian (Beijing, China)	2079
Solar photoradiation-induced oxidation of NOM from surface water using immobilized coated glass spirals of TiO ₂ M.Y. Ghaly (Gazan, Saudi Arabia), M.N.N. Al-Maghrabi (Jeddah, Saudi Arabia), E. Ismail (Gazan, Saudi Arabia) and M.E.M. Ali (Cairo, Egypt)	2088
Boron removal from aqueous solution by batch adsorption using Box-Behnken design M. Bilici Baskan and N. Atalay (Kinikli, Turkey)	2095
Dispersive liquid–liquid microextraction–spectrophotometry combination for determination of rhodamine B in food, water, and environmental samples Y.E. Unsal (Tokat), M. Soylak (Kayseri) and M. Tuzen (Tokat, Turkey)	2103
A comparative adsorption study with different agricultural waste adsorbents for removal of oxamyl pesticide S.G. Mohammad (Giza), S.M. Ahmed and A.F.M. Badawi (Cairo, Egypt)	2109
Ion-exchange equilibrium of cesium/hydrogen ions on zirconium molybdate and zirconium iodomolybdate cation exchangers B. El-Gammal, G.M. Ibrahim, S.H. El-Kholy and S.A. Shady (Cairo, Egypt)	2121
Hydrothermal synthesis of the cauliflower-like CdS microspheres to enhance solar photocatalytic degradation of oxytetracycline hydrochloride Longbao Yu, Yanfeng Tang, Xinlin Liu, Changchang Ma, Pengwei Huo, Jianming Pan, Weidong Shi and Yongsheng Yan (Zhenjiang, China)	2144
Degradation of acephate by colloidal manganese dioxide in the absence and presence of surfactants Qamruzzaman and A. Nasar (Aligarh, India)	2155

Application of integrated membrane technology in purification of chlorogenic acid Runlin Han (Xian and Jingdezhen), Jinghui Zeng, Lu Han, Yongqing Wang (Xian), Qibing Chang, Xiaozhen Zhang and Jianer Zhou (Jingdezhen, China)	2165
Dynamic column adsorption of As on iron-oxide-coated natural rock (IOCNR) and sludge management S.K. Maji, Yu-Hsuan Kao, Yeuh-Bin Wang and Chen-Wuing Liu (Taipei, Taiwan, ROC)	2171
Multilayer perceptrons and conventional biosorption equations for modeling removal of Ni(II) by terrestrial moss B. Özbay (Izmit, Turkey)	2183
Application of salt extracted peanut seeds in the pretreatment of palm oil mill effluent (POME) A.H. Birima (Kajang, Malaysia), A.T. Ahmed (Dublin, Ireland), M.J. Megat Mohd Noor (Kuala Lumpur, Malaysia), L.M. Sidek, Z.C. Muda and L.S. Wong (Kajang, Malaysia)	2196
Extraction and stripping of Cr(VI) from aqueous solution by solvent extraction K. Mubeena and G. Muthuraman (Chennai, India)	2201
Adsorption of uranium in the presence of different ions, humic acid and effect of thorium on uranium adsorption by activated carbon S.M. Yakout and A.A. Abdeltawab (Riyadh, Saudi Arabia and Cairo, Egypt)	2209
Removal of metronidazole antibiotic from contaminated water using a coagulant extracted from <i>Plantago ovata</i> B. Ramavandi and S. Akbarzadeh (Bushehr, Iran)	2221
Evaluation on the molecular structure of azo dye in photocatalytic mineralization under solar light irradiation W.F. Khalik, Soon-An Ong, Li-Ngee Ho, Yee-Shian Wong, N.A. Yusoff and F. Ridwan (Arau, Malaysia)	2229
Spatio-temporal variations of phytoplankton structure and water quality in the eutrophic freshwater reservoir of Macau Weiyong Zhang, Inchio Lou, Wai Kin Ung, Yijun Kong and Kai Meng Mok (Macau, China)	2237
Assessment of drinking water quality of Tehsil Alipur, Pakistan R. Shehzadi, H.M. Rafique (Lahore, Pakistan), I. Abbas (Islamabad, Pakistan), M.A. Sohl (Lahore, Pakistan), S.M. Ramay, A. Mahmood (Riyadh, Saudi Arabia) and M.N. Sohl (Lahore, Pakistan)	2253
