

***Selected papers presented at the Conference on Desalination for the Environment:
Clean Water and Energy, 11–15 May 2014, Limassol, Cyprus***
(See also Volume 55 Issues 10–13)

Keynote

- Desalination: an outlook of hope for prosperous and sustainable future
A.M. Al-Ibrahim (Riyadh, Saudi Arabia) 2267

Resource management / Sustainability

- Fluctuations in potable water quality in Cyprus during the past two decades –
the role of seawater desalination
A. Loucaides and E. Koutsakos (Nicosia, Cyprus) 2270
- Drought and Desalination: Melbourne water supply and development choices in the twenty-first century
M.G. Porter, D. Downie, H. Scarborough (Melbourne), O. Sahin
and R.A. Stewart (Gold Coast Campus, Australia) 2278
- Garillis aquifer brackish water desalination – a case study
C. Christou and N. Christodoulou (Limassol, Cyprus) 2296
- Qatar and GCC water security
M.A. Darwish, H.K. Abdulrahim and Y. Mohieldeen (Doha, Qatar) 2302
- Modernization of conventional spiral wound module – principles to design RO
without pretreatment and concentrate effluents
A.G. Pervov (Moscow, Russia) 2326
- The Canary Islands and its passion for water desalination
J.J. Sadhwani Alonso, L. Álvarez Álvarez, N. Melián-Martel and J. Sadhwani Díaz (Las Palmas, Spain) 2340
- Desalination – A Tide Eye to mix tremendous world cultures in forecasting future
S. Toyama (Nissin-si), K. Murase and M. Hirai (Tokyo, Japan) 2351

Environment / Brines / Chemicals recovery

- Influence of site-specific parameters on environmental impacts of desalination
M.P. Shahabi, M. Anda and G. Ho (Perth, Australia) 2357
- Scarcity and environmental quality in river hydrological basins
T. Mimides, D. Koilakos, C. Mimidou and C. Riga (Athens, Greece) 2364
- Transformation of X-ray contrast media in reverse osmosis brines by advanced oxidation processes
S.P. Azerrad, M. Gilboa and C.G. Dosoretz (Haifa, Israel) 2369
- Reactive crystallisation process for magnesium recovery from concentrated brines
A. Cipollina, M. Bevacqua, P. Dolcimascolo, A. Tamburini, A. Brucato (Palermo, Italy), H. Glade,
L. Buether (Bremen, Germany) and G. Micale (Palermo, Italy) 2377
- Softening of seawater and desalination brines using grafted polysaccharide hydrogels
M.H. Sorour, H.A. Hani, H.F. Shaalan, M.M. El Sayed and M.M.H. El-Sayed (Giza, Egypt) 2389
- Schemes for salt recovery from seawater and RO brines using chemical precipitation
M.H. Sorour, H.A. Hani, H.F. Shaalan and G.A. Al-Bazedi (Giza, Egypt) 2398
- Recovery of chromium from plastic plating wastewater by cetyltrimethylammonium bromide MEUF
and electrodialysis
Wen-Shing Chang, Shiao-Shing Chen, Cheng-Hang Sie, Nguyen Cong Nguyen (Taipei),
Hsu-Hui Cheng (ChangHua) and Hung-Te Hsu (Taipei, Taiwan, ROC) 2408

Economics / Costs

Preliminary techno-economics assessment of developed desalination/salt recovery facility based on membrane and thermal techniques M.H. Sorour, H.A. Hani, H.F. Shaalan and G.A. Al-Bazedi (Giza, Egypt)	2416
Economic assessment for thermal desalination processes S. Al-Hengari, W. ElMoudir and M.A. El-Bousiffi (Tripoli, Libya)	2423
Lowering desalination costs by alternative desalination and water reuse scenarios V. Yangali-Quintanilla, L. Olesen, J. Lorenzen, C. Rasmussen (Bjerringbro, Denmark), H. Laursen (Palo Alto, CA, USA), E. Vestergaard and K. Keiding (Bjerringbro, Denmark)	2437
Santa Barbara, Curacao desalination plant expansion using NanoH ₂ O thin film nanocomposite (TFN) SWRO membrane D. Kim-Hak, M.B. Dixon, M.A. Galan (El Segundo, CA, USA), F. Boisseau (Rueil Malmaison, France), J. Gallastegui (Bilbao, Spain) and R. Martina (Curaçao, Netherlands Antilles)	2446
Economic analysis of an electricity and desalinated water cogeneration plant in Cyprus N. Fylaktos, I. Mitra, G. Tzamtzis and C.N. Papanicolas (Nicosia, Cyprus)	2453
Techno-economic comparison of reverse osmosis and nanofiltration in desalination of a Moroccan brackish groundwater F. Elazhar, J. Touir, M. Elazhar, S. Belhamidi, N. El Harrak, A. Zdeg (Kenitra), M. Hafsi (Rabat), Z. Amor, M. Taky and A. Elmidaoui (Kenitra, Morocco)	2471

Materials / Corrosion

Corrosion of stainless steel components in seawater reverse osmosis desalination plants — investigations on adapted internal cathodic protection N. Larché (Brest), P. Dézerville (Saint-Maurice), D. Le Flour (Plouzané), P. Vinzio, K.-H. Köfler (Gradignan) and D. Thierry (Brest, France)	2478
Crevice corrosion performance of high-alloy stainless steels and Ni-based alloy in desalination industry N. Larché, P. Boillot, P. Dézerville, E. Johansson, J.M. Lardon and D. Thierry (Le Creusot, France)	2491
Wetting behaviour of different tube materials and its influence on scale formation in multiple-effect distillers A. Stärk (Bremen), K. Loisel, K. Odiot, A. Feßenbecker, A. Kempter, S. Nied (Ludwigshafen) and H. Glade (Bremen, Germany)	2502
Corrosion of heat exchanger in thermal desalination plants and current trends in material selection A.U. Malik, S.A. Al-Fozan and F. Al-Muaili (Al-Jubail, Saudi Arabia)	2515

Operation / Performance

Palmachim seawater desalination plant — seven years of expansions with uninterrupted operation together with process improvements A. Hermony, I. Sutzkover-Gutman, Y. Talmi and O. Fine (Soreq, Israel)	2526
Sustainable performance of NF-SWRO pilot plant with low fouling NF membrane A.M. Farooque and M.Z. Alanazi (Al-Jubail, Saudi Arabia)	2536
Adelaide Desalination Plant outfall diffuser performance validation V. Ayala (Lonsdale), T. Kildea (Adelaide) and J. Artal (Lonsdale, Australia)	2543
Evaluation of the first nine years operating data of a RO brackish water desalination plant in Las Palmas, Canary Islands, Spain A. Ruiz-García, E. Ruiz-Saavedra, S.O. Pérez-Báez and J.E. González-González (Las Palmas, Spain)	2555
A design method of the RO system in reverse osmosis brackish water desalination plants (calculations and simulations) E. Ruiz-Saavedra, A. Ruiz-García and A. Ramos-Martín (Las Palmas, Spain)	2562
Author Index	2573
