

**Contents**  
**Volume 96**

*Special issue on the 9th International Conference on Challenges  
in Environmental Science and Engineering (CESE-2016)  
6–10 November 2016, Kaohsiung, Taiwan*

Editorial

Ho Kyong Shon, Long Duc Nghiem (Australia), Suhan Kim (Korea), Chart Chiemchaisri (Thailand),  
Leonard Tijging, Li Shu, Veeriah Jegatheesan (Australia) ..... 1

*Membrane technology*

Membrane fouling mitigation during enhanced coagulation membrane filtration  
via zero valent iron (ZVI) addition to treat micro-polluted surface water  
Xinfei Guo, Dongliang Liu (China), Cong Ma (China, USA), Jie Wang, Hongwei Zhang (China) ..... 3

Polyvinylidene fluoride membranes with enhanced antibacterial and low fouling properties  
by incorporating ZnO/rGO composites  
Woon Chan Chong, E. Mahmoudi, Ying Tao Chung, M.M. Ba-Abbad,  
Chai Hoon Koo, A.W. Mohammad (Malaysia) ..... 12

Effects of stocking density of tilapia on the performance of a membrane filtration–  
recirculating aquaponic system  
Chen-Yu Wang, Chia-Yuan Chang, Hans-U. Dahms, Hong-Thih Lai (Taiwan) ..... 22

Increasing operational efficiency of a membrane water treatment plant using an asset management method  
Chul-sung Lee, Young-wook Nam, Ji-hoon Choi, Doo-il Kim (Korea) ..... 33

Recycling of biological secondary effluents in petrochemical industry using submerged microfiltration  
and reverse osmosis – pilot study and economic evaluation  
Chen-Hua Ni, Yu-Chung Lin, Chia-Yuan Chang, Justin Chun-Te Lin (Taiwan) ..... 45

Effect of transmembrane pressure on draw solution channel height and water flux  
in spiral wound forward osmosis module  
Jongmin Jeon, Jaehak Jung, Joon Young Choi, Jaebum Kim, Suhan Kim (Korea) ..... 55

Influence of the magnetizing pretreatment on the mitigation of membrane scaling during nanofiltration  
Cong Ma (China, USA), Dongliang Liu, Liang Wang, Zhaohui Zhang, Hongwei Zhang (China) ..... 61

Optimization of filtration to relaxation mode using woven fiber microfiltration system  
for water and wastewater treatment  
A. Ali, S.J. Khan (Pakistan), L. Pillay (South Africa), C. Visvanathan (Thailand) ..... 69

*Adsorption*

Adsorption characteristics of antibiotics trimethoprim by activated carbon  
developed from low-cost alligator weed: kinetics, equilibrium and thermodynamic analyses  
Ming-sheng Miao, Shuai-shuai Ma (China), Li Shu (Australia), Qiang Kong, Yu-zhen Liu (China) ..... 76

Adsorption of sunset yellow by luffa sponge, modified luffa and activated carbon from luffa sponge  
Fei Xu, Xiao-yu Qi, Qiang Kong (China), Li Shu (Australia), Ming-sheng Miao, Shiguo Xu,  
Yuan-da Du, Qian Wang, Qun Liu, Shuai-shuai Ma (China) ..... 86

Study on triazophos adsorption behavior on the multi-walled carbon nanotubes  
Lihong Xia, Lijun Luo, Yangmei Li, Tiantian Zhao (China), Wenrong Yang, C.J. Barrow (Australia),  
Min Yang, Hongbin Wang (China) ..... 97

Study on the adsorption performance for fluoride by mesoporous silica loaded  
rare earth lanthanum (Ms-La) material  
Rui Wang, Guizhen Li, Yongjun Yang (China), Li Shu, V. Jegatheesan (Australia),  
Hongbin Wang, Min Yang (China) ..... 104

Preparation and characterization of mesoporous silica (Ms) supporting lanthanum carbonate (Ms-La) for the defluorination of aqueous solutions Rui Wang, Lijun Luo, Yongjun Yang (China), Li Shu, V. Jegatheesan (Australia), Hongbin Wang, Min Yang (China) .....	112
<b>Chemical Treatment</b>	
Bamboo charcoal derived high-performance activated carbon via microwave irradiation and KOH activation: application as hydrogen storage and super-capacitor Xiuying Fang, Guizhen Li, Jiaxiong Li, Hai Jin, Jianmin Li (China), V. Jegatheesan, Li Shu (Australia), Hongbin Wang, Min Yang (China) .....	120
<b>Biological Treatment</b>	
The isolation of a hydrolyzed polyacrylamide (HPAM)-degrading bacterium and its potential application for the treatment of HPAM-containing oilfield wastewater in a UASB reactor Chunying Li, Li Wei, Binsong Wang, Binxia Xue (China) .....	128
Removal of organic matter and nutrients from food waste using a combined two-phase anaerobic digester and granular sequencing batch reactor system Kyung Mo, Fenghao Cui, Wonbae Lee, Mingyueong Kim, Jihyeon Hwang, Moonil Kim (Korea) .....	136
Effect of biochar on the migration and biodegradation of nitrogen during river-based groundwater recharge with reclaimed water: an indoor experimental study Jiaji Sun, Yangyao Li, Zhupin Wang (China), Mengsi Ma (Japan), Weifang Ma (China) .....	143
<b>Oxidation</b>	
Enhanced photocatalytic mechanism of hydroxyl radical formation in the composite reaction of $\text{TiO}_2$ /oxidant for azo dye degradation Jyun-Hong Shen, Hung-Yi Chuang, Jao-Jia Horng (Taiwan) .....	153
Degradation of tetracycline by advanced oxidation processes: sono-Fenton and ozonation processes Chikang Wang, Bo-Ming Huang (Taiwan) .....	161
Visible light photocatalytic degradation of methylene blue by $\text{H}_2\text{O}_2/\text{NiFe}_2\text{O}_4$ synthesized from wastewater Dan Chen, Weide Wang, Fan Zhang, Yan Yang, Guangren Qian (China) .....	169
The preparation and photocatalytic activity of phosphotungstic acid-reduced graphene oxide composites Li-hong Xia, Li-jun Luo, Junhong Li, Ya Fan, Wei Tan (China), Wen-rong Yang (Australia), Hong-bin Wang (China), Li Shu (Australia) .....	178
Preparation, characterization of recyclable ammonia phosphotungstate and degradation of chlorothalonil Hualun Yang, Wei Tan, Tiantian Zhao (China), V. Jegatheesan, Li Shu (Australia), Tianli Wang, Min Yang, Hongbin Wang (China) .....	186
<b>Others</b>	
Improvement of hydraulic loading rate by optimization of internal characteristics of dissolved air flotation Min-Soo Meang, Young-Seok Hwang, Ki-Seok Lee, Seok Dockko (Korea) .....	193
Study on the assessment of environmental impact indicators on concentrated effluent from desalination facility Dae Young Kwon, Jong Sung Yoon (Korea) .....	201
Developing LCC and risk analysis method for dewatering facility based on its management history Youngwook Nam, Jihoon Choi, Dooil Kim (Korea) .....	211
Recovery of valuable metals from metal-containing spent hydrosulfurization catalysts by a hydrometallurgical process Jun-Yi Wu, Fang-Chih Chang (Taiwan) .....	219
Tohdite recovery from water by fluidized-bed homogeneous granulation process A.C. Vilando, A.R. Caparanga (Philippines), Yao-Hui Huang, Ming-Chun Lu (Taiwan) .....	224
Identifying the first flush in stormwater runoff using UV spectroscopy R. Aryal (Australia), Meng Nan Chong (Malaysia), S. Beecham, B. Mainali (Australia) .....	231
Development of stream classification system on tropical areas with statistical approval in Pahang River basin, Malaysia M.K.A. Kamarudin, M.E. Toriman, N. Abd Wahab, H. Juahir, A. Endut, R. Umar, M.B. Gasim (Malaysia) .....	237

Spatiotemporal features and delineation of water quality control zones for Taipei Water Resources District with multivariate manners Yu-Jie Chang, I-Cheng Chang, Tai-Yi Yu (Taiwan) .....	255
Study on the control of released manganese in residuals treatment processes of water treatment plant Dae Young Kwon, Jun Ho Kim (Korea).....	267
Author Index .....	276
