

Erratum to

Mass transport modelling to estimate the efficiency of nanofiltration application for the recovery of phosphorus from sewage sludge

[*Desalination and Water Treatment*, Volume 6 (2009) 86–93]*

Claudia Niewersch**, Christian Abels, Ran Li, Thomas Wintgens, Thomas Melin

*Department of Chemical Engineering, RWTH-Aachen University, Turmstraße 46, 52056 Aachen, Germany

This erratum corrects the listing of authors for the above manuscript. The author's list should also have included Sebastian Petzet and Peter Cornel, both from TU-Darmstadt, Institut WAR, Petersenstrasse 13, 64287 Darmstadt, Germany) with the authors' names to be listed in the correct order as follows:

Claudia Niewersch^a, Sebastian Petzet^b, Christian Abels^a, Ran Li^a, Thomas Wintgens^a, Thomas Melin^a, Peter Cornel^b

^a*Department of Chemical Engineering, RWTH-Aachen University, Turmstraße 46, 52056 Aachen, Germany
Tel. +49 241 8095481; Fax +49 241 8092252; email: claudia.niewersch@avt.rwth-aachen.de*

^b*TU-Darmstadt, Institut WAR, Petersenstrasse 13, 64287 Darmstadt, Germany*

Also reference [26] was missing in the captions of Figs. 3 and 4. The correct captions should read:

Fig. 3. Retention for several pressures A1, A2 and A3 [26].

Fig. 4. Retention obtained for the filtration of model solutions [26].

* doi number of the original article is 10.5004/dwt.2009.651
