Volume 117

***Special issue on the 13th Conference on Micropollutants in Human Environment
4–6 December 2017, Czestochowa, Poland (Part I)***

Editorial

M. Włodarczyk-Makuła (Poland)	vii
Analysis of the biological stability of tap water on the basis of risk analysis and parameters limiting the secondary growth of microorganisms in water distribution systems D. Papciak, B. Tchórzewska-Cieślak, K. Pietrucha-Urbanik, A. Pietrzyk (Poland)	1
Removal of dibutyl phthalate (DBP) from landfill leachate using an ultrasonic field S. Ziembowicz, M. Kida, P. Koszelnik (Poland)	9
Mixture toxicity of pharmaceuticals present in wastewater to aquatic organisms K. Affek, M. Załęska-Radziwiłł, N. Duskocz, K. Dębek (Poland)	15
Properties and the application polyacrylonitrile membranes with the addition of nanotubes for heavy metals removal L. Przywara, B. Fryczkowska, D. Biniaś, C. Ślusarczyk, J. Fabia, J. Janicki (Poland)	21
Behavior of imidacloprid contamination in fruiting vegetables and their impact to human health P. Mojsak, I. Hryenko, E. Rutkowska, J. Szabuńko, B. Łozowicka, P. Kaczyński (Poland)	32
Effects of selected nanoparticles on aquatic plants N. Duskocz, M. Załęska-Radziwiłł, K. Affek, M. Łebkowska (Poland)	42
Influence of clinoptilolite on the efficiency of heavy metal removal from wastewater by <i>Chlorella vulgaris</i> M. Zabochnicka-Świątek, M. Krzywonos, H.M. Kalaj (Poland), N.I. El-Sheery (Egypt), J.B. Bień (Poland)	49
Effects of zirconium oxide nanoparticles on bacteria isolated from activate sludge detected by RAPD analysis M. Załęska-Radziwiłł, N. Duskocz, K. Affek (Poland)	58
Properties and application of cellulose membranes with graphene oxide addition for removal of heavy metals from aqueous solutions B. Fryczkowska, D. Biniaś, C. Ślusarczyk, J. Fabia, J. Janicki (Poland)	66
Activated sludge process modelling using selected machine learning techniques B. Szelaąg, K. Barbusiński, J. Studziński (Poland)	78
Toxicity and degradation pathways of selected micropollutants in water solutions during the O ₃ and O ₃ /H ₂ O ₂ process E. Kudlek, M. Dudziak (Poland)	88
Effect of ozonation on organic substance removal efficiency during adsorption M. Wolska, J. Machi, S. Szerzyna, M. Mołczan, W. Adamski, J. Wiśniewski (Poland)	101
Competitive separation of heavy metals from binary solutions by polymer-enhanced ultrafiltration I. Korus, P. Dawczak, E. Kępska (Poland)	108
Removal of fluorine from aquatic environment M. Bodzek, K. Konieczny (Poland)	118
Adsorptive removal of pentachlorophenol from water using agricultural and industrial wastes K. Kuśmierk, L. Dąbek, A. Świątkowski (Poland)	142
Variations in physical and chemical parameters of landfill leachates over time K. Szymański, I. Siebielska, B. Janowska, R. Sidełko (Poland)	149
Accumulation of N, P, K, Mg and Ca in 20 species of herbaceous plants in headwater riparian forest A. Parzych, A. Astel (Poland)	156
Availability of funds from the Cohesion Fund on environmental measures within OPI&E for 2014-2020 and the effectiveness of their use by municipalities in the field of water and sewage management E. Bień (Poland)	168

The impact of coagulant PIX 113 modified by ultrasonic field on sewage sludge dewatering B. Bień (Poland)	175
Decomposition of micropollutants and changes in the toxicity of water matrices subjected to various oxidation processes M. Dudziak, E. Kudlek, E. Burdzik-Niemiec (Poland)	181
Removal of organic compounds using UV/H ₂ O ₂ and UV/K ₂ S ₂ O ₈ J. Leszczyński (Poland)	188
MCPA (2-methyl-4-chlorophenoxyacetic acid) and sulfosulfuron-pesticides with potential endocrine disrupting compounds properties A. Jabłońska-Trypuć, E. Wołejko, U. Wydro, A. Butarewicz, B. Łozowicka (Poland)	194
Study of the toxicity of five quaternary ammonium ionic liquids to aquatic organisms A. Jakubowska, E. Grabińska-Sota (Poland)	202
PCB content in soil and plants along routes with high traffic intensity M. Gabryszewska, B. Gworek, B. Garlej (Poland)	211
Study of chemical and physical properties of ash derived from oxy-combustion of sewage sludge and coal blend J.D. Bień, B. Bień (Poland)	221
Treatment of the municipal landfill leachate including selection of the best management solution M. Smol, A. Generowicz (Poland)	229
Glyphosate removal from aqueous solution by an adsorption process on natural zeolite-bearing rock J. Wrzosek, B. Gworek (Poland)	239
Effects of environmental factors on graphene oxide ecotoxicity towards crustacean <i>Daphnia magna</i> R. Kalinowski, B. Tomczyk, M. Trzcńska, R. Walkowiak, M. Kaźmierczuk, S. Paczkowski, B. Gworek, M. Woluntarski (Poland)	249
Changes of heavy metal concentration in rainfall wastewater in urban catchment J. Górski, Ł. Bąk, A. Sałata, K. Górka, A. Rabajczyk (Poland)	257
Use of carbon footprint to assess CO ₂ and N ₂ O emissions during the production of nitrogen fertilizers K. Dziuba, M. Todorow, R. Góra, M. Gabryszewska, M. Kijeńska, B. Gworek, A. Barański, A. Bojanowicz-Bablok, L. Tokarz (Poland)	267
Accumulation of selected chemical elements in sediments of kettle hole lakes on rural areas I. Cymes, K. Glińska-Lewczuk, M. Cymer, S. Szymczyk, A. Parzych, I. Ryniec (Poland)	272
Changes in filtration properties of digested sludge under the influence of magnetic field K. Hrut, T. Kamizela (Poland)	282
Control of PAHs degradation process under reducing conditions B. Macherzyński, M. Włodarczyk-Makuła, D. Wojewódka (Poland)	290
Effect of hydrogen peroxide on nitrogen forms in sewage sludge subjected to the anaerobic stabilization I. Zawieja, L. Wolny (Poland)	301
Concentration of potentially carcinogenic PAHs in soils fertilized with sewage sludge E. Wołejko, U. Wydro, A. Jabłońska-Trypuć, A. Butarewicz, T. Łoboda (Poland)	309
Hazard from sediments contaminated with persistent organic pollutants (POPs) A. Popena, M. Włodarczyk-Makuła (Poland)	318
Simultaneous oxidation and adsorption of PAHs in effluents from industrial treatment plant M. Włodarczyk-Makuła (Poland)	329
Effects of changes in sewage sludge compressibility in the context of micro-contamination immobilization M. Kowalczyk, T. Kamizela (Poland)	340
Removal of heavy metal ions by filtration on activated alumina-assisted magnetic field I. Skoczko, E. Szatyłowicz (Poland)	345
Concentration levels of selected pharmaceuticals in swimming pool water A. Lempart, E. Kudlek, M. Dudziak (Poland)	353
Author Index	362
