

**Contents**

**Volume 186**

***Part 1 of the Special issue on the 14th Conference on  
Micropollutants in Human Environment, 4–6 September 2019, Czestochowa, Poland***

Editorial

M. Włodarczyk-Makula (Poland) .....	viii
Use of nutrients from wastewater for the fertilizer industry - approaches towards the implementation of the circular economy (CE)	
M. Smol, C. Adam (Poland), O. Krüger (Germany) .....	1
Thermal sewage sludge utilization in Poland in the context of circular economy	
J.D. Bień, B. Bień (Poland) .....	10
Modelling and visualization of failure rate of a water supply network using the regression method and GIS	
B. Kubat, M. Kwietniewski (Poland) .....	19
Studies on the cytotoxicity of filtrates obtained from sewage sludge from the municipal wastewater treatment plant	
A. Jabłońska-Trypuć, U. Wydro (Poland), L. Serra-Majem (Spain), A. Butarewicz, E. Wołejko (Poland) .....	29
Toxicity evaluation of eluates from waste after thermal conversion of sewage sludge	
J. Sobik-Szołtysek, K. Wystalska (Poland) .....	39
Ecotoxicity of selected nanoparticles in relation to micro-organisms in the water ecosystem	
N. Duskocz, M. Załęska-Radziwiłł, K. Affek, M. Łebkowska (Poland) .....	50
Analysis of the concentrations of selected phthalic acid esters in aquatic ecosystems – Poland’s case study	
P. Koszelnik, S. Ziembowicz, M. Kida (Poland) .....	56
Microplastic-environmental and drinking water problem	
B. Mrowiec (Poland) .....	65
Water solution purification by phenol adsorption on solid fraction from thermal treatment of waste biomass – occurrences of unfavourable phenomenon	
S. Werle, M. Dudziak, S. Sobek (Poland) .....	72
Separation of benzalkonium chloride using polymeric membranes	
A. Klimonda, I. Kowalska (Poland) .....	78
Application of nanotechnology and nanomaterials in water and wastewater treatment: membranes, photocatalysis and disinfection	
M. Bodzek, K. Konieczny, A. Kwiecińska-Mydlak (Poland) .....	88
Effect of human body secretions in pool water on the transport and separation properties of polymer membranes	
E. Łaskawiec, M. Dudziak (Poland) .....	107
Performance and efficiency of reverse osmosis process in treatment of young and matured landfill leachate	
I.A. Tałałaj (Poland) .....	117
Fouling behavior and micropollutants removal during treatment of surface water by ultrafiltration using nanocomposite membranes	
M. Adamczak, G. Kamińska, J. Bohdziewicz (Poland) .....	124
Simulation of the influence of wastewater quality indicators and operating parameters of a bioreactor on the variability of nitrogen in outflow and bulking of sludge: data mining approach	
K. Barbusiński, B. Szelağ, J. Studziński (Poland) .....	134
Impact of the selected indicators of the wastewater quality and operating parameters of the biological reactor on the simulation of sludge sedimentation: probabilistic approach	
B. Szelağ, K. Barbusiński (Poland) .....	144

Comparison of the efficiency of micro-pollutant removal from geothermal water on a laboratory and a semi-industrial scale M. Tyszer, B. Tomaszewska, M. Bodzek (Poland) .....	155
An evaluation of the effectiveness of supporting chemical disinfection with UV irradiation M. Wolska, M. Pawłowska (Poland) .....	165
The effect of the type of hydrolysis of aluminium coagulants on the effectiveness of organic substances removal from water I. Krupińska (Poland) .....	171
Assessment of the condition of Biebrza river aquatic environment with the use of <i>Phragmites Australis</i> (Cav.) Trin. ex Steud (Poland) E. Skorbiłowicz, M. Skorbiłowicz, A. Kisiel, J. Klimowicz (Poland) .....	181
The application of acetylacetone for the separation of heavy metals in roadside soil belts by extraction methods E. Radzymińska-Lenarcik, K. Witt (Poland) .....	191
Study on effectiveness of PVC/ $\beta$ -diketone sorbent in removing residue of Zn(II), Cr(III) and Ni(II) from post-galvanic wastewater K. Witt, E. Radzymińska-Lenarcik (Poland) .....	199
Ecological risk assessment and spatial distribution of heavy metals in surface sediments. A case study of two small storage reservoirs, SE Poland Ł. Bąk, J. Górski, A. Sałata, J. Gawdzik, J. Muszyńska, K. Górka (Poland) .....	206
Statistical appraisal of selected qualitative parameters of leachates from an industrial waste heap K. Szymański, B. Walendzik, E.J. Bielińska, B. Janowska, R. Królak (Poland) .....	216
Influence of ionic environment on the process of adsorption of heavy metal ions on magnetic iron oxides I. Korus, M. Bobik, K. Bąk (Poland) .....	224
Removing of Cr(III) and Cr(VI) compounds from aqueous solutions by shale waste rocks B. Jabłońska (Poland) .....	234
Effect of lead(II) presence on sorption of 4-chlorophenol on synthetic activated carbon L. Reczek, M.M. Michel, A. Domozych, T. Siwiec, M. Tytkowska, A. Świątkowski (Poland) .....	247
Optimization of the sorption process of copper cations from aqueous solution by pine bark ( <i>Pinus sylvestris</i> ) S. Wierzba, A. Dołhańczuk-Śródka (Poland), J. Kříž (Czech Republic) .....	258
Changes in the concentration of aluminum in water after the treatment process — experience from technological research A. Pruss, P. Pruss (Poland) .....	267
Analysis of the turbidity of raw water in the context of water-supply safety D. Szpak, B. Tchórzewska-Cieślak, K. Pietrucha-Urbanik (Poland) .....	281
Assessment of the possibility of secondary water pollution during its purification in filtering jugs E. Puszczalo, E. Kudlek, A. Marszałek (Poland) .....	290
Effect of PVC installation on quality and stability of tap water D. Papciak, B. Tchórzewska-Cieślak, A. Domoń, A. Wojtuś, J. Żywiec (Poland) .....	297
Application of an ultrasonic field, hydrogen peroxide and the Fenton process in removing DEHP from bottom sediments M. Kida, S. Ziembowicz, P. Koszelnik (Poland) .....	309
Artificial neural network approach to modelling of HMW PAHs removal under fluctuating BOD loading rate in anaerobic and aerobic phases of GSBF reactor P. Ofman, I. Skoczko (Poland) .....	317
Evaluation of the possibility of PAH degradation by a consortium of fermentation bacteria B. Macherzyński, M. Włodarczyk-Makuła, M. Wszelaka-Rylik, D. Wojewódka (Poland) .....	325
Changes in quantity of non-biodegradable organic micropollutants in municipal wastewater based on COD fractionation E. Płuciennik-Koropczuk, S. Myszograj (Poland) .....	334
Effect of physical and chemical disintegration of excess sludge on the susceptibility to biodegradation I. Zawieja (Poland) .....	341
The influence of plants on water quality in stream flowing through of mid-forest spring niche A. Parzych, J. Jonczak, Z. Sobisz, B. Woziwoda (Poland) .....	350

Formation of micropollutant decomposition by-products during oxidation processes supported by natural sunlight E. Kudlek (Poland) .....	361
Comparative study on the adsorption kinetics and equilibrium of common water contaminants onto bentonite K. Kuśmierek, L. Dąbek, A. Świątkowski (Poland) .....	373
Application of pre-ozonation process in swimming pool water treatment technology J. Wyczarska-Kokot, F. Piechurski (Poland) .....	382
The influence of green roofs on runoff quality — 6 years of experience E. Burszta-Adamiak (Poland) .....	394
Occurrence and removal of polymeric material markers in water environment. A review M. Chrobok, M. Czaplicka (Poland) .....	406
Adsorption of diclofenac sodium from aqueous solutions on commercial activated carbons J. Lach, A. Szymonik (Poland) .....	418
Boron removal from the water with chemical precipitation methods I. Skoczko (Poland) .....	430
Effectiveness of removing humic substances from surface water in coagulation and ion exchange on MIEX-Doc resin K. Rucka, A. Solipiwo-Pieścik, M. Wolska (Poland) .....	437
COD and nitrogen compounds balance in mechanical-biological wastewater treatment plant with sludge treatment S. Myszograj, E. Płuciennik-Koropczuk (Poland) .....	443
Effect of activated carbon surface chemistry on adsorption of phenoxy carboxylic acid herbicides from aqueous solutions K. Kuśmierek, A. Białek, A. Świątkowski (Poland) .....	450
Author Index .....	460
Corrigendum to "Design recommendations and cost assessment for off-grid wind powered-seawater reverse osmosis desalination with medium-size capacity" published in Vol. 180, March 2020, pp. 16–36 (doi:10.5004/dwt.2020.25013) V.J. Subiela, B. Peñate, L. García-Rodríguez (Spain) .....	461
Corrigendum to "Design recommendations and cost assessment for non-stop off-grid plants of seawater desalination based on PV-driven with wind/diesel energy backup" published in Vol. 181, March 2020, pp. 80–100 (doi:10.5004/dwt.2020.25091) V.J. Subiela, B. Peñate, L. García-Rodríguez (Spain) .....	462
Corrigendum to "Fabrication of built in microfluidic systems for efficient electrochemical decolorization of reactive dyes" published in Vol. 185, May 2020, pp. 296–306 (doi:10.5004/dwt.2020.25378) Z. Mohammad Redha, H.A. Yusuf, A.H. AlGhatam (Bahrain) .....	463
Corrigendum to "Performance analysis of serially-connected membrane element for pressure-assisted forward osmosis: wastewater reuse and seawater desalination" published in Vol. 183, April 2020, pp. 104–113 (doi:10.5004/dwt.2020.25260) Chulmin Lee, Nguyen Thanh Tin, R.S. Adha, In S. Kim (Korea) .....	464
