

Contents
Volume 265

Performance analysis of single slope solar still for different surface geometry of basin absorber K.N. Mishra, A.Kr. Tiwari, G.N. Tiwari (India)	1
A sustainable approach to repurpose discarded air filter for extended use in oil/water separation Jian-Hua Wei, Xiangcheng Li, Wei-Guo Yan, Congcong Shen, Zhifeng Liu (China)	18
Study on sludge characteristics of modified A2/O activated sludge-biofilm coupling process at low temperature Fan Wang, Wei Bian, Shengshu Ai, Yiming Yan, Songlin Liu, Hongliang Wang, Dejun Bian (China)	27
Analysis of algal bloom species in eastern China and buoy-bead flotation used for treating microalgae Shenao Li, Hao Wen, Haowen Zhang, Wei Qin, Hongwei Yin (China)	38
Influence of graphene oxide with different sizes or layers on polyamide thin-film nanocomposite membranes Meng Du, Yicheng Cao, Yilin Li, Peng Zhang, Yi Wei, Xueli Gao, Bo Wang (China)	48
Effective Cu(II) ions adsorption from aqueous solutions using low grade oolitic hematite tailing with phosphorus: response surface methodology Xiaoli Yuan, Fuming Luo, Xixi Chen, Wentang Xia, Yin Zou, Xuejiao Zhou, Hao Liu, Youjie Song, Jie He, Shengzhi Ma (China)	57
Solvent extraction in the recovery of metals from solutions: entering the third decade of XXI century F.J. Alguacil, J.I. Robla (Spain)	71
Separation of Pd(II) and Pt(IV) ions using polymer inclusion membranes doped with alkylimidazoles E. Radzaminska-Lenarcik, M. Ulewicz, A. Kościuszko (Poland)	94
Adsorption of lead(II) using bioadsorbent prepared from immobilized <i>Gracilaria corticata</i> algae: thermodynamics, kinetics and isotherm analysis F. Kord Mostafapour, A.H. Mahvi, A.D. Khatibi, M. Khodadadi Saloot, N. Mohammadzadeh, D. Balarak (Iran)	103
Effects of filler height and mechanical ventilation on the treatment effect and bacterial community diversity of CRI Chao Zhang, Xueyan Lei, Kai Ma, Yafen Lai, Guozhen Zhang, Yichun Zhu (China)	114
Recycling of waste chicken bones for greywater pollutants removal M.A. El-Khateeb, H.M. Ahmed, N.A. Sobhy (Egypt)	124
Raw clay for ibuprofen and chlortetracycline removal from aqueous solution K. Addouch, S. Seddari, H. Cherifi, R. Yous, R. Khalladi (Algeria)	134
Environmental effects on antibiotic adsorption by Fe/Mn-loaded amphoteric clay Zhi-feng Liu, Wen-bin Li, Qian Liang, Xun Fang, Hong-yan Deng (China)	146
Enzymatic regeneration of modified cork with sodium dodecyl through the cationic dye removal from aqueous solution A. Azizi, L. Abouda, H. Cherifi, A. Krika, F. Krika	157
Author Index	164

**European Desalination Society Conference on Desalination for the Environment
Las Palmas de Gran Canaria, Spain, 20–23 June 2022**

Book of Abstracts

Contents	167
Abstracts	175
Author Index	297
