

Environmental remediation of thorium(IV) from aqueous medium onto <i>Cellulosimicrobium cellulans</i> isolated from radioactive wastewater K.Z. Elwakeel (Port-Said), H.A. El-Sadik, A.S. Abdel-Razek (Cairo) and M.S. Beheary (Port-Said, Egypt) .....	1
Numerical study of evaporation of liquid film by mixed convection in partially wetted vertical channel A. Nasr, C. Debbsi and S. Ben Nasrallah (Monastir, Tunisia) .....	10
The sorption of Cd(II) from aqueous solutions by fixed <i>Lentinus edodes</i> mushroom flesh particles Dan Zhang, Xuedan Zeng (Chengdu, China), Pei Ma (Beijing, China), Haijiang He (Chengdu, China) and J. Falandysz (Gdansk, Poland) .....	21
Application of hybrid biological techniques to the treatment of municipal wastewater containing oils and fats E. Łobos-Moysa and M. Bodzek (Gliwice, Poland) .....	32
Bioconjugation of gold nanoparticles with DNA for in situ hybridization Am Jang (Kyonggi-do), R. Tatavarty (Seoul) and In S. Kim (Gwangju, Korea) .....	38
Influence of EPS and MLSS concentrations on mixed liquor physical parameters of two membrane bioreactors L. Domínguez Chabalíná, J. Baeza Ruiz, M. Rodríguez Pastor and D. Prats Rico (Alicante, Spain) .....	46
Pilot-scale anaerobic treatment of domestic wastewater in upflow anaerobic sludge bed and anaerobic baffled reactors at ambient temperatures S.Ç. Ayaz (Kocaeli), L. Akça (Istanbul), Ö. Aktaş, N. Fındık (Kocaeli) and İ. Öztürk (Istanbul, Turkey) .....	60
The effect of condensation and evaporation pressure drop on specific heat transfer surface area and energy consumption in MED–TVC plants R. Kouhikamali, A. Samami Kojidi (Rasht), M. Asgari and F. Alamolhoda (Tehran, Iran) .....	68
Performance of NF/RO process for indirect potable reuse: interactions between micropollutants, micro-organisms and real MBR permeate M. Jacob, Chengcheng Li, C. Guigui, C. Cabassud (Toulouse), G. Lavison and L. Moulin (Paris, France) .....	75
Isothermal studies of adsorption of acenaphthene from aqueous solution onto activated carbon produced from rice ( <i>Oryza sativa</i> ) husk A.O. Alade, O.S. Amuda and A.O. Ibrahim (Ogbomoshi, Nigeria) .....	87
Influence of PVDF concentration on the morphology, surface roughness, crystalline structure, and filtration separation properties of semicrystalline phase inversion polymeric membranes A. Akbari, M. Hamadani, V. Jabbari, A. Yunessnia Lehi and M. Bojaran (Kashan, Iran) .....	96
Coagulation optimization for low temperature and low turbidity source water using combined coagulants: a case study Inchio Lou (Macau SAR, China), Shuyan Gong (Tianjin, China), Xiangjun Huang (Macau SAR, China) and Yanjin Liu (Voorhees, NJ, USA) .....	107
Characterization of bio-char from pyrolysis of wheat straw and its evaluation on methylene blue adsorption Yali Liu, Xiurong Zhao, Jianli Li, Dan Ma and Runping Han (Zhengzhou, China) .....	115
Verification of double-shell model for sorption of cesium, cobalt, and europium ions on poly-acrylonitrile-based Ce(IV) phosphate from aqueous solutions B. El-Gammal, S.S. Metwally, H.F. Aly and S.A. Abo-El-Enein (Cairo, Egypt) .....	124
Removal of humic substances with different apparent molecular sizes using Fenton's reagent M. De Julio (São José dos Campos), L. Di Bernardo (São Carlos), T. Sakamoto De Julio (Taubate), S.X. de Campos (Ponta Grossa) and E.M. Vieira São Carlos, Brazil) .....	139
The fate of nitrogen compounds and heavy metals in studied semi-closed organic paddy fields Ming-Chien Su (Hualien) and Nien-Hsin Kao (Tainan, Taiwan, ROC) .....	149

Influence of operating conditions and wastewater-specific parameters on the electrochemical bulk disinfection of biologically treated sewage at boron-doped diamond (BDD) electrodes D. Haaken, T. Dittmar, V. Schmalz and E. Worch (Dresden, Germany) .....	160
Electrochemical sensors for the detection of cadmium (II) based on calix [4] arene K. Morakchi, A. Hamel and R. Kherrat (Annaba, Algeria) .....	168
Chloride ions as an agent promoting the oxidation of synthetic dyestuff on BDD electrode H. Akrouit and L. Bousselmi (Soliman, Tunisia) .....	171
Greywater treatment in a submerged membrane bioreactor with gravitational filtration M. Lamine, D. Samaali and A. Ghrabi (Slimane, Tunisia) .....	182
A comparative study of the photocatalytic efficiency of Degussa P25, Qualigens, and Hombikat UV-100 in the degradation kinetic of Congo Red dye S.R. Patil (Maharashtra, India and Penang, Malaysia), U.G. Akpan (Penang, Malaysia and Minna, Nigeria), B.H. Hameed (Penang, Malaysia) and S.K. Samdarshi (Maharashtra and Assam, India) .....	188
Comparative studies on TiO <sub>2</sub> /ZnO photocatalyzed degradation of 4-chlorocatechol and bleach mill effluents A. Dhir, N. Tejo Prakash and D. Sud (Panjab, India) .....	196
Photocatalysed decolourization of two textile dye derivatives, Martius Yellow and Acid Blue 129, in UV-irradiated aqueous suspensions of titania K. Umar (Aligarh), A.A. Dar (Guwahati), M.M. Haque, N.A. Mir and M. Muneer (Aligarh, India) .....	205
Simultaneous decolorization of binary mixture of blue disperse and yellow basic dyes by electrocoagulation İ. Ayhan Şengil and A. Özdemir (Sakarya, Turkey) .....	215
Effect of particle size distribution in wastewater on the performance of nutrient removal process Hee-Jeong Choi and Seung-Mok Lee (Gangneung, Korea) .....	227
Modeling of tartrazine adsorption onto activated carbon fiber in a continuous fixed-bed reactor Ç. Sarıçı-Özdemir (Malatya, Turkey) .....	234
Removal of cobalt from human serum and environmental samples by adsorption using Amberlite XAD-2-salicylic acid-iminodiacetic acid H.A. Panahi, H. Bagheri Sadeghi, N. Farahmandnejad, A.R. Badr (Tehran) and E. Moniri (Varamin, Iran) .....	244
Sulphide removal from petroleum refinery wastewaters by catalytic oxidation C.E. Santo, V.J.P. Vilar, A. Bhatnagar, E. Kumar, C.M.S. Botelho and R.A.R. Boaventura (Porto, Portugal) .....	256
Pilot test operation of biological nitrogen removal of gold mill effluents S. Morling, P. Moraeus (Stockholm) and A. Un�e (Lycksele, Sweden) .....	264
Biodecolorization of a persistent organic dye from model wastewater using <i>Curvularia</i> spp S. Senthilkumar, M. Perumalsamy, C. Ahmed Basha, K.V. Selvakumar, G. Swaminathan, N. Thajudeen and H.J. Prabhu (Tamil Nadu, India) .....	272
Photocatalytic mineralization of methylene blue from water by a heterogeneous copper-titania nanocomposite film M.H. Habibi and R. Kamrani (Isfahan, Iran) .....	278
Advanced treatment options to remove boron from seawater E. Borokhov Akerman, M.V. Simhon and V. Gitis (Beer-Sheva, Israel) .....	285
Characterization and transformation of dissolved organic matter in a full-scale wastewater treatment plant in Harbin, China Liangliang Wei, Kun Wang, Qingliang Zhao and Chunmei Xie (Harbin, China) .....	295
Optimization of energy costs for SWRO desalination plants A. Yechiel and Y. Shevah (Tel-Aviv, Israel) .....	304
Mineralization of diazo dye (Reactive Black 5) in wastewater using recirculated up-flow constructed wetland reactor S.-A. Ong, L.-N. Ho, Y.-S. Wong, S.-F. Chen, M. Viswanathan and R. Bahari (Perlis, Malaysia) .....	312
Preparation and characterization of PEG/PVDF composite membranes and effects of solvents on its pervaporation performance in heptane desulfurization Zhengjin Yang, Weiyu Zhang, Jiding Li, Jian Chen (Beijing, China) .....	321
Sorption of Zn(II) ion onto the surface of activated carbon derived from eucalyptus bark saw dust from industrial wastewater: isotherm, kinetics, mechanistic modeling, and thermodynamics V. Mishra, C.B. Majumder and V.K. Agarwal (Roorkee, India) .....	332

Removal of various pollutants from wastewater by electrocoagulation using iron and aluminium electrode A.K. Yadav (Bhubaneswar), L. Singh (Hisar), A. Mohanty (Bhubaneswar), S. Satya and T.R. Sreekrishnan (New Delhi, India) .....	352
Synthesis of novel polypropylene-acrylate fiber sorbent and evaluation of the sorption properties for organic contaminants from water surface Shaoning Li and Junfu Wei (Tianjin, China) .....	359
Effect of operational parameters on the removal of phenol from aqueous solutions by electrocoagulation using Fe and Al electrodes M. Kobyas, E. Demirbas and O. Sahin (Gebze, Turkey) .....	366
Photocatalytic removal of Cr(VI) with illuminated TiO <sub>2</sub> J.K. Yang (Seoul, Korea), S.M. Lee (Gangwondo, Korea), M. Farrokhi, O. Giahi (Rasht, Iran) and M. Shirzad Siboni (Sanandaj, Kurdistan, Iran) .....	375
Author Index.....	381
