

Comparison of backwashing with conventional cleaning methods in slow sand filters for small-scale communities B.S. Pizzolatti (Florianopolis, Brazil), M. Soares (Berlin, Germany), L. Romero (Cartago, Costa Rica) and M.L. Sens (Florianopolis, Brazil) .....	1
Removal of hardness by electrodialysis using homogeneous and heterogeneous ion exchange membranes B. Karabacakoglu (Eskişehir), F. Tezakıl (Bilecik) and A. Güvenç (Eskişehir, Turkey) .....	8
Development of an ASM1 dynamic simulation model for an activated sludge process in United Arab Emirates W.E. Elshorbagy (AlAin, UAE) and M. Shawaqfah (Mafraq, Jordan) .....	15
Assessment of water quality index using cluster analysis and artificial neural network modeling: a case study of the Hooghly River basin, West Bengal, India K. Sinha (Durgapur) and P. Das (Saha) (Kolkata, India) .....	28
Influence of support media on COD and BOD removal from domestic wastewater using biological treatment in batch mode Y. Salama, M. Chennaoui, M. Mountadar, M. Rihani and O. Assobhei (El Jadida, Morocco) .....	37
Airlift bioreactors for hydrocarbon water pollution remediation in a tourism development pole M.A. Lizardi-Jiménez, R.M. Leal-Bautista, A. Ordaz and R. Reyna-Velarde (Cancún, Mexico) .....	44
Mathematical modeling of bio-hydrogen production from starch wastewater via up-flow anaerobic staged reactor M. Nasr, A. Tawfik (Alexandria, Egypt), M. Suzuki and S. Ookawara (Alexandria, Egypt and Tokyo, Japan) .....	50
Ablution greywater treatment with the modified re-circulated vertical flow bioreactor for landscape irrigation Y. Al-Zu'bi, T.G. Ammari (Al-Salt), A. Al-Balawneh, M. Al-Dabbas (Al-Baqa'a), R. Ta'any and R. Abu-Harb (Al-Salt, Jordan) .....	59
Energy usage and carbon dioxide emission saving in desalination by using desalination concentrate and wastes in microalgae production W. Hussein, M.T. Myint and A. Ghassemi (Las Cruces, NM, USA) .....	69
Adsorption of bisphenol A (BPA) from aqueous solutions by carbon nanotubes: kinetic and equilibrium studies M. Dehghani, A.H. Mahvi, N. Rastkari, R. Saeedi, S. Nazmara and E. Irvani (Tehran, Iran) .....	84
Adsorptive removal of bisphenol A from aqueous solution using metal-organic frameworks Feng-Xiang Qin, Shao-Yi Jia, Yong Liu, Hao-Yang Li and Song-Hai Wu (Tianjin, China) .....	93
Pollutant removal efficiency of mesocosm HSSF-constructed wetlands treating highway runoff with different filter materials and HRT Rajendra Prasad Singh, DaFang Fu, Juan Huang and DaNeng Fu (Nanjing, China) .....	103
Adsorption of sulfamonomethoxine antibiotics to cucurbit[6]uril polymer: kinetics and thermodynamic studies Hong-Tao Qiao (Nanjing and Lanzhou), Yun Liu, Yuan-Hua Dong, Sirui Li (Nanjing), Ping Wang (Lanzhou) and Tao Jin (Nanjing, China) .....	113
Parametric study on degradation of fungicide carbendazim in dilute aqueous solutions using nano TiO <sub>2</sub> T. Kaur, A.P. Toor and R.K. Wanchoo (Chandigarh, India) .....	122
Development of bio-granules using selected mixed culture of decolorizing bacteria for the treatment of textile wastewater T.C. Kee, H.H. Bay, C.K. Lim, K. Muda and Z. Ibrahim (Skudai, Malaysia) .....	132
Impact of loading rate and filter height on the retention factor in the model of total coliform (TC) removal in direct rapid sand filtration Jingjing Yu (Nanjing and Ningbo), Yi Li (Nanjing), Zhigang Liu (Ningbo), Wenlong Zhang and Dawei Wang (Nanjing, China) .....	140

Application of extraction and adsorption to the alkylpyrazine removal from wastewater Weiqiang Wang, Jian Lv, Jianming Yang, Suning Mei, Yani Li, Hong Wan and Qinwei Yu (Xi'an, China) .....	147
Polymeric and silica sorbents on endocrine disruptors determination C.B. Vidal, A.V. Feitosa, G.P. Pessoa, G.S.C. Raulino, A.G. Oliveira, A.B. dos Santos and R.F. Nascimento (Fortaleza, Brazil) .....	156
Comparative studies on the olive stone activated carbon adsorption of Zn <sup>2+</sup> , Ni <sup>2+</sup> , and Cd <sup>2+</sup> from synthetic wastewater T.M. Alslaibi, I. Abustan, M.A. Ahmad (Nibong Tebal, Malaysia) and A. Abu Foul (Gaza, Palestinian Authority) .....	166
Effect of heavy metals in recycled water used for household laundry on quality of cloth and washing machine T.T.N. Pham, B. Mainali, H.H. Ngo, W. Guo, A. Listowski (Sydney), K. O'Halloran (Gold Coast), C. Miechel (Port Macquarie) and N. Corby (Sunshine, Australia) .....	178
Solvent extraction of chromium(VI) from hydrochloric acid solution with trialkylamine/kerosene Yingxue Li, Chongwei Cui, Xin Ren and Yan Li (Harbin, China) .....	191
Removal of Ni(II) from aqueous solution by <i>Lycopersicum esculentum</i> (Tomato) leaf powder as a low-cost biosorbent Y. Gutha (Tirupati, India), V.S. Munagapati (Daegu, Korea), M. Naushad (Riyadh, Saudi Arabia) and K. Abburi (Tirupati, India) .....	200
Cationic Basic Yellow 2 (BY2) adsorption onto manure ash: surface properties and adsorption mechanism A. Öztürk and E. Malkoc (Erzurum, Turkey) .....	209
Analysis and modeling of column operations on reactive dye removal onto alkaline-treated biomass fly ash P. Pengthamkeerati and T. Satapanajaru (Bangkok, Thailand) .....	227
Optimization of brilliant green biosorption by native and acid-activated watermelon rind as low-cost adsorbent R. Lakshmipathy, N.A. Reddy and N.C. Sarada (Vellore, India) .....	235
Valorization of an agricultural waste, <i>Stipa tenacissima</i> fibers, by biosorption of an anionic azo-dye, Congo red D. Chebli, A. Bouguettoucha (Sétif, Algeria), T. Mekhalef (Skikda, Algeria), S. Nacef (Sétif, Algeria) and A. Amrane (Rennes, France) .....	245
Preparation of ordered mesoporous carbons with ammonia modification for Orange II adsorption Xiaoming Peng and Dafang Fu (Nanjing, China) .....	255
Effect of phosphate rock on denitri cation in a nitrate-polluted groundwater remediation system Jianmei Zhang (Wuhan, China), Chunbo Hao, Chuanping Feng, Huiling Hao, Baogang Zhang (Beijing, China) and Zhongfang Lei (Tsukuba, Japan) .....	265
Adsorbent properties of olive mill wastes for chromate removal M. Mosca, F. Cuomo, F. Lopez, G. Palumbo (Campobasso), G. Bufalo (Naples) and L. Ambrosone (Campobasso, Italy) .....	275
Author Index .....	284
